Built in 2011, the Cabin is a 4-season cabin with 3- bedrooms and 2-bathrooms located just feet from the shore of Harvey's Lake. (You can hear the lake lap its shore -- very relaxing). Its swimming area has a dock and is nestled in a small cove. The Cabin enjoys the sun all day long, but there is also shade from nearby trees and a covered porch.

The Cabin is an open-concept, easy-living home with lots of windows providing spacious views of Harvey Mountain and memorable sunsets overlooking Harvey's Lake. It has a well-supplied kitchen with refrigerator, gas range, Bosch dishwasher, and microwave. There is also a gas grill and a washer/dryer. It sleeps 6 (queen bed, full bed, and the third room with a pullout couch and twin bed). For chilly evenings, a propane gas stove can provide extra heat or use the two-zone electric heat system.

Please contact me with any questions or to request pictures. Best wishes.
